Request for Reconsideration of Petition to Expedite the Petition

Assistant Commissioner for Patents
Washington, District of Columbia 20231

Sir:

Please, reconsider the "Petition to Expedite the Petition" from September 07, 1999, considering the following fact:

Special Programs Office Communication from October 28, 1999 states: "A petition to expedite the consideration of a prior petition to be appropriately granted must be accompanied with an explanation of the facts ... justifying the consideration of the underlying petition before other petitioners similarly situated."

Applicant apologizes for the non-given explanation.

The reason for the applicant's petition to expedite the petition is the granted application status "To Make Special" (Decision from August 15, 1998), considering "the invention of the above application will materially enhance the quality of the environment of humankind by contributing to the restoration or maintenance of the basic life-sustaining natural elements of air and water... Specifically, the invention of the above application is an improved particle counter. It provides a more efficient, correct and sensitive counting and measuring of the particles in the air ... or water contamination ... composition" (Section 708.02 V [Environmental Quality] M.P.E.P. 37 CFR 1.1102(d)).

The present request for reconsideration is in compliance with the telephone interview with the Special Program Office Examiner - Mr. Robert Clarke (applicant's telephone calling) on November 01, 1999 at 12:15 pm (Pacific Time).

Very respectfully,

Address:
688 CYPRESS AVE.
COLTON, CA. 92324-1962
